<ul style="list-style-type: none"> <li>Select a stock design or create your own in <b>Ioline 101 Software</b>, Adobe Illustrator™, or CorelDraw!™.</li> </ul>	<ul style="list-style-type: none"> <li>Import the design into <b>Ioline 101 Software</b> (included with 100 System.) Select the number of copies to cut.</li> </ul>	<ul style="list-style-type: none"> <li>Cut the design on the <b>100 System</b>. It's as easy as sending a file to a printer.</li> </ul>	<ul style="list-style-type: none"> <li><u>Heat Transfer</u>: Position the appliqué pieces and apply to the fabric.</li> </ul>

**C**ut athletic letters and heat-applied graphics on-demand and **start boosting profit**. The Ioline 100 System gives you greater control over production, reduces costs, shortens delivery time and creates custom, eye-catching products that will keep your customers coming back year after year.

Cutting on the **100 System** is easy with **Ioline 101 Software**. The repeat plot button on the **100 System** keypad stores your last job, so you can quickly cut multiples without tying up your computer.

Made with durable metal parts, this workhorse machine features the **SmarTrac™** tracking system and a more powerful servo motor than that used by other brands. And, the **100 System** cuts faster and lasts longer than other cutters. Best of all: it's available at an unbelievable price.

 **Made in the U.S.A.**
