

14140 NE 200th ST. • Woodinville, WA. 98072 • PH: (425) 398-8282 • FX: (425) 398-8383

Procedure: Catch basket installation

Machines: Smartrac Sign Cutter and Studio A Plotter

Tools Required:

- Phillips head screwdriver

Removing the stand mounting bolts

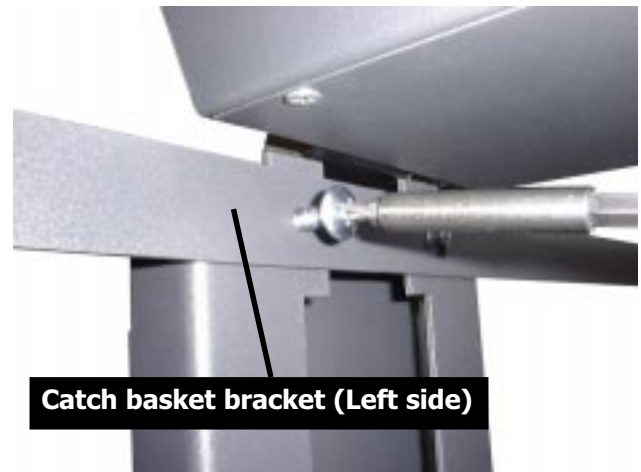

- 1 - Remove the two (2) black phillips screws holding the machine to the stand on the left side.

Warning: Remove only one side at a time, you don't want the machine to fall off the stand.

Install the left basket bracket

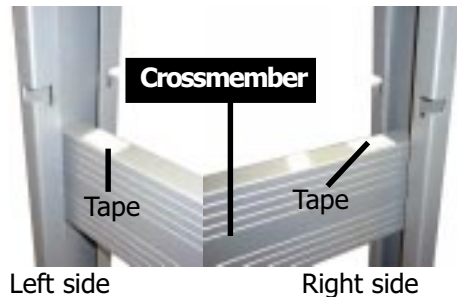

- 1 - Use the long Phillips screws that came with your catch basket to mount the left side bracket to the stand.
- 2 - Repeat steps for the right side.

Install double stick tape

- 1 - Place a piece of double stick tape on the right and left side of the crossmember. Don't remove the backing from the tape yet.

Note: Remove the rollers for better access.

Install catch basket

- 1 - Place the vinyl material over the crossmember and hook the eye holes on the hooks at the end of the brackets.

Note: The brackets will be slightly bowed inward when fully installed.

Final Assembly

- 1 - Loop the vinyl material so it's even on both front and back.
 - 2 - Remove the backing from the double stick tape and stick the vinyl material down.
 - 3 - Re-install the rollers.
- Your machine should look something like this.

- 4 - The catch basket is ready to use.
